

Leading the Way in On-Site Shelter Solutions

At **Container Domes Australia**, we pride ourselves on delivering world-class **On-Site Shelter Solutions** with attention to detail and exceptional service.

We have designed the CDA range with an **easy, safe installation and demobilisation** process in mind while still maintaining superior Integrity, quality and strength.

We are so confident in the design and quality of our products we back each one with a **full 10-year structural warranty**, on both the frame and cover, for your complete peace of mind.

Our range of Shelters are **100% Australian Made** from the highest quality materials available and are engineer certified to **Level of Importance 2, Terrain Category 2, AS/NZS 1170.2.2011 standards** and are **wind rated for regions A, B, C and D**.

Our wide variety of standard sizes are suitable for just about any application and with an **In-House Design Team**, even the most unique site requirements can be catered for with a Custom Shelter design.

Whether you are looking for a single shelter or multiple large-scale workstations, our friendly and professional Team at **Container Domes Australia** will help you find the **Perfect On-Site Shelter Solution**.
